

CRAFT KITS FROM THE PROVIDENCE ATHENÆUM'S CHILDREN'S LIBRARY

A SNAZZY LION!

Make this colorful character and celebrate the ROARING month of March!

Supplies in kit

- 1 paper plate
- 2 coffee filters
- 1 lion head template
- black & white circle stickers

What you'll need from home

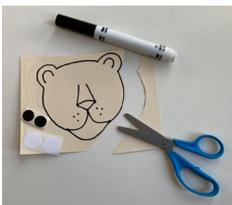

- scissors
- water soluble color markers
- spray water bottle (optional but helpful!)
- glue stick or liquid school glue

Directions

1. Place the coffee filters on some paper to protect your work surface. Using your markers, color the filters with your favorite colors. Then, sprinkle each filter with a little water or use a spray bottle to wet the filters and blend the colors.

2. While the filters dry, add eye stickers to the lion's face, and other details if you want. Cut out the face as pictured.

3. Once they're dry, fold each of the dried coffee filters in half and snip the edges to make a fringe for the lion's mane.

4. Add glue to the center of the plate and press the first coffee filter on. Add more glue on top of the first filter, and press the second. Finally, glue your lion's handsome face to the snazzy mane!
