

CURBSIDE CRAFTS FROM THE
PROVIDENCE ATHENÆUM'S CHILDREN'S LIBRARY

SUN VISOR!

The sun is always shining when you wear your very own sunny sun visor!

Supplies in kit

- paper plate template
- black sticker dots
- pre-cut colored paper
- elastic strip

What you'll need from home

- color markers, pencils, or crayons
- stapler
- glue stick or liquid school glue

Directions

1. Cut along the curved line to separate the two parts of the visor, and cut away the paper surrounding the sunrays.

2. Decorate/color the visor, and staple the sun to the visor.

3. Glue on the colored paper shapes. Add the eyes and details.

4. When finished decorating, gently fold the sun forward so that it stands up.

5. Staple one end of the elastic to one corner of the visor and adjust the elastic to fit your head comfortably. Then staple the free end to the other corner. Now you are all set for a day in the sunshine! Have fun!
