

CURBSIDE CRAFTS FROM THE PROVIDENCE ATHENÆUM'S CHILDREN'S LIBRARY

TWIRLING SNOWFLAKE MOBILE!

Bring a little snow action indoors with a twirling snowflake mobile. Best of all, you won't have to shovel it, and it will never melt!

Supplies in kit

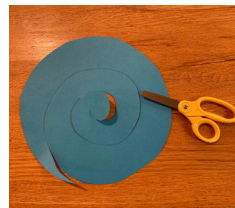

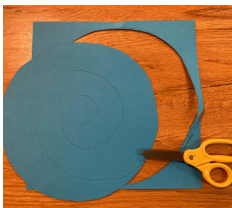

- small precut white strips
- 2 pre-cut clouds Paper plate
- circular template
- string for hanging the mobile

What you'll need from home

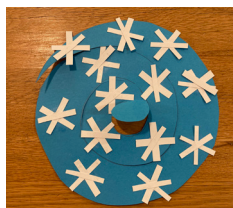

- glue stick or liquid school glue
- scissors
- color markers, pencils, or crayons
- hole puncher
- optional: decorative elements like sequins or glitter.

Directions

1. Cut out the circle template and then cut along the swirl line to the center. Bend up the center "knob." This will be the top of the mobile.

2. Glue 3 paper strips crisscrossed as pictured to make a 6-sided snowflake. Continue adding snowflakes until you reach the top knob.

3. Draw and color the two clouds and then glue them together one on each side of the top knob as pictured.

4. Punch a hole in the top of the clouds and tie on the string.

5. Your twirling snowflakes are ready to fly!

BOOK RECOMMENDATIONS

Toby and the Snowflakes by Julie Halpern

The Snowflake Sisters by Patrick J. Lewis

Snowflake Bentley by Jacqueline Briggs Martin

The Golden Snowflake by Francoise Joos

No Two Alike by Keith Baker
