

CRAFT KITS FROM THE PROVIDENCE ATHENÆUM'S CHILDREN'S LIBRARY

STRAW ROCKET TO THE STARS!

Shoot for the moon with your very own rocket!

Supplies in kit

- 2 mini rocket templates
- 2 bendy straws
- 1 piece of straw

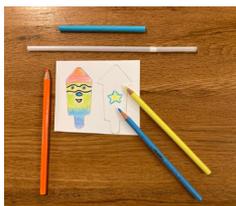

What you'll need from home

- sticky tape
- color markers or pencils

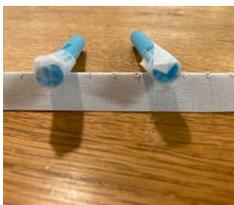

Directions

1. Color the rockets and cut them out.

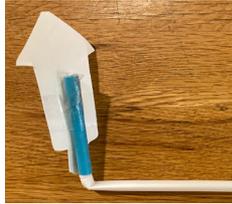

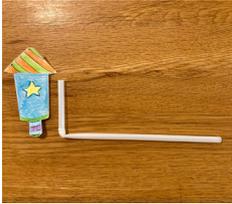

2. Cut the blue straw in half. Tape one end of each of the blue straw segments so that the opening is covered.

3. Tape one straw segment to the back of each of the rockets with the covered end at the top.

4. Bend up the end of the bendy straw and slide the rocket with taped straw onto the bent straw end.

5. Take a deep breath and blow into the straw. Now see how far your rocket flies!
