

CRAFT KITS FROM THE PROVIDENCE ATHENÆUM'S CHILDREN'S LIBRARY

SOLAR PRINTMAKING!

*All you need is a sunny day,
colored paper, and a fun selection
of items to make your picture!*

Supplies in kit

- 2 pieces of colored construction paper

What you'll need from home

- a sunny day
- any objects that you choose to make your solar print, examples: shells, leaves, flowers, any items that will lie flat on the paper and not blow away. Look for fun shapes. Anything goes!

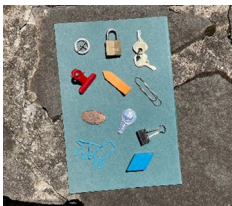

Directions

1. Gather the items that you want to use to create your solar print picture.

2. Find a sunny place outside that is sheltered from the wind. Place your items on the paper in the direct sunlight. Next, find something fun to do for about 3 hours or more. Once the 3 hours are up, you can remove the items to see how the sunshine and your imagination have made a super special picture!

BOOK RECOMMENDATIONS

The Sun is Late and So is the Farmer by Philip Christian Stead

Peek-A-Boo Sun by Camilla Reid

The Day the Sun Was Stolen by Jamie Oliviero

How the Sun Was Brought Back to the Sky by Mira Ginsberg

An Island in the Sun by Stella Blackstone
